commenced to read a dissertation upon the origin and history of African slavery in the United States, as Mr. Aldrich some time he complained of weariness and asked whether Mr. Butler might read for him, so that he could rest.

Mr. Aldrich objected and Mr. George resumed. After ten minutes more reading Mr. Aldrich asked if Mr. George would yield for a motion to take up the resolution referring to closure.

Mr. George, with an air of weariness, said that he believed he would.

Mr. Aldrich then moved that the Senate proceed to the consideration of the resolution, and after much further discussion the Vice-President put the question on the passage of the resolution, which was followed by one of noes, and the Vice-President said that the ayes appeared to have it.

Then Mr. Morgan pressed his claim for recognition, and Messrs. Butler and Ransom insisted on knowing how Mr. George was left by the agreement. The question of putting the matter off until next day was suggested, but was followed, which was finally agreed to.

THE ORANGE-GROWERS'

An Important Meeting Held Yesterday.

AN ORGANIZATION EFFECTED.

The Producers Will Stand Together for Self-Protection—An Interesting Discussion—Those Present.

A large number of the orange-growers of Southern California assembled yesterday in the Chamber of Commerce Hall, for the purpose of discussing the orange situation and taking steps to protect themselves against the action of fruit-pickers and shippers in their dealings with the growers.

The meeting was set for 11 a. m., and by that time the hall was crowded to its utmost capacity, by orange-growers, fruit-pickers, railroad men and others directly interested in the movement.

It could be seen at once that the orange-growers were intensely interested and enthusiastic over the proposed action, and were unanimous in their expression of dissatisfaction at the course pursued by the fruit-pickers.

One of the principal causes of complaint was the contract the shippers compel growers to sign. It reads as follows:

Los Angeles, Cal., Jan. 26, 1891.—This is to certify, that I have this day sold to ——— Company, my entire crop, not to exceed ——— boxes of good, sound, merchantable oranges, now growing in my orchard, at ——— per box of 65 pounds, for all sizes, 128 to 236 inclusive, for all varieties, except Navel, the merchantable sizes of which shall be 170 and all larger, and St. Michael's, which shall be 250 and all larger. The unmerchantable sizes of Navel, or Paper Kind St. Michael's, to be classed with seedling oranges of same size and paid for at same price as seedlings of such sizes. The unmerchantable sizes of all other varieties of oranges to be paid for at the rate of one-third less than the price paid for the merchantable sizes of such varieties as stated above. All windfall, turned or limb-scratched, bruised, frosted, or otherwise injured oranges to be weighed back to me or sold for my account.

Oranges to be picked (stem cut) by ——— and delivered at ——— in such quantities and at such times as ——— Company, may direct. ——— Company to use diligence in moving the crop, all of which shall be taken by June 1.

Receipt of ——— dollars is hereby acknowledged on account of the above.

The following is the classification the shippers place upon the fruit, and is printed in the contract:

The merchantable sizes of oranges to be as follows: Navel, 128 to 170, inclusive; Paper Kind St. Michael's, 128 to 300, inclusive; seedlings and all other varieties, 128 to 250, inclusive.

Ninety-six and 300 Navel, 300 St. Michael's, 300, 128 and 300 or seedlings and all other varieties to be 500 per box less; 614 and 814 Navel to be 400 per box less; 614 and 814 St. Michael's to be 300 per box less; 614 and 814 St. Michael's to be 200 per box less; 614 and 814 St. Michael's to be 100 per box less; 614 and 814 St. Michael's to be 50 per box less; 614 and 814 St. Michael's to be 25 per box less; 614 and 814 St. Michael's to be 12 1/2 per box less; THE TIMES ANNUAL FOR CHICAGO

THE TIMES has under way a project for supplying 10,000 copies of its Annual Trade Number for distribution at the Southern California Permanent Exhibit in Chicago. Many citizens—merchants, bankers, hotel-keepers, land men and others—are interesting themselves in the enterprise, and the orders for this superb issue already reach more than 6000 copies since the first two or three large editions were exhausted. The good that can be accomplished by a wide and numerous distribution of the Annual is understood by our people; but more shoulders are needed at the wheel. The rate is \$5 per 100 copies, and orders are received on that basis, the papers to be forwarded by us to the manager of the exhibit at Chicago, or otherwise disposed of, as the subscribers may severally direct. Send in your orders, personally or by mail.

The Bellamist colony in Kern county is in bad luck. They are on the Sequoia National Park reservation, and will have to move off.

FOREIGN men-of-war are gathering in Chilean waters. Chili is the most advanced and solid of the South American republics, but even there the hot Hispano-American blood will tell and bring about a commotion, once in a while.

Boston business men held a big meeting yesterday to protest against free coinage. There is nothing remarkable in that. The New Englanders are creditors, who have lent vast sums in greenbacks to the Nation, and would like to be paid back in gold.

The Minnesota Assembly has adopted a petition for election of United States Senators by direct vote of the people. Public opinion is rapidly growing in favor of this reform and its inauguration is only a question of time. Should unscrupulous capitalists continue to purchase seats in the Senate, that time will be very short.

The Express has joined the large and increasing army of papers, led by Frank Pixley, which are publishing interviews with and letters from supposititious citizens, expressing warm approval of Mr. Stanford's wild-eyed and demagogic land loan scheme, which is to land its originator in the White House—perhaps.

It is proving to be slow and tedious work to wind up the Indian troubles in the Northwest. The Indians are suspicious, fearing they may be killed by the soldiers. The return of arms is by no means satisfactory, only comparatively few obsolete weapons having been given up. The bill introduced in the Senate to make it an offense, punishable by fine and imprisonment, for any person to sell or lend firearms and ammunition to the Indians, is a good one, and should pass.

THE ORANGE-GROWERS ORGANIZATION.

The orange-growing business in Southern California has become so important and is developing so rapidly that anything affecting the industry is of interest, not only to the growers and shippers, but to all who have a stake in the welfare of this section.

An important meeting of orange-growers was held yesterday at the Chamber of Commerce to discuss the question of the relations between the growers and shippers, which have, during the past few weeks become somewhat strained, owing to the putting forward by the former of what the growers consider unreasonable demands, especially in regard to payment for what are classed as unmerchantable oranges. A strong sentiment was expressed in favor of the formation of an orange-growers' union, or of a revival of the union which existed and did much good here a few years ago. The orange-growing industry is still in its infancy, and the middle-men, taking advantage of the inexperience of growers, have undoubtedly absorbed more than their due share of the profits. Another large share goes to the railroads, and thus the grower gets far less than he is entitled to. It is true that the profits of orange-growing are at present large, but with the large acreage which has been planted and is being planted, prices must inevitably fall in course of time, and it is but common prudence on the part of growers to see that the industry is established on a firm and enduring basis. Again, by laying oranges down at the eastern consumers' doors cheaper than at present, the grower may receive more, and at the same time increase the consumption, which is a most important point, in view of the large area of groves coming into bearing.

One orange-grower told yesterday how he shipped three cars direct to Minneapolis and received \$2.75 a box for the fruit at the point of shipment, while the commission man was only paying him \$1.75. This is certainly a big margin—about enough to pay the freight. Another showed how the reputation of Riverside as an orange section had been built up at the expense of other places, first-class fruit, regardless of its source, being branded "Riverside," and poor fruit from Riverside being marked with the name of some other orange-growing district, greatly to the disadvantage of the latter.

The result of yesterday's meeting was the organization of a union, similar to that which existed here about four years ago. It was decided that the meeting should incorporate, with shares fixed at \$5. After the adjournment of the meeting, which will come together again on Saturday, nearly 400 shares of stock were subscribed for. The orange-growers are to be congratulated on the action of yesterday. It was a mistake to let the old union lapse. Its revival cannot fail to work much benefit to the growers.

KING KALAKAUA.

Many Angeleños will learn with sincere regret of the death of Kalakaua, the kindly King of Hawaii, the more especially because the immediate cause of his death is ascribed to the overtaxing of his strength during his recent visit to Southern California. It is only a few years since the islands which the King ruled were in as primitive a condition as the Samoan islands are today. Now they have in Hawaii a government modeled after that of the most liberal monarchies of Europe and "all the modern improvements." The late King was fully in accord with the spirit of progress and very much of a Democrat in his character, being never happier than when enjoying a social chat or a game of cards with a few old friends. Americans always found a warm welcome in his dominions, and he was especially partial to American newspaper men, several of whom have served in his cabinet in various capacities. During his recent visit to Los Angeles, King Kalakaua made many friends by his unostentatious yet dignified manners. It was remarked by many that he looked "every inch a King." Peace to his ashes.

G. D. WHITCOMB of Glendora has received the following communication from a gentleman at Ontario, which shows how strong a sentiment there is at the latter place against county division:

I am informed your people in and around Glendora and Azusa have been told we are here in favor of county division. This is not the case. We now have a delegate at Sacramento working in conjunction with our Representative to defeat the measure. He telegraphs us for protests to be signed and forwarded as soon as possible. We have them about ready, and there will not be a firing squad left to favor it. Now we wish you would circulate a remonstrance among your folks at once, and when all the signatures obtainable have been secured forward it to your Representative, if he is opposed to the measure, or to J. C. Lynch, Sacramento. We have telegrams that the measure cannot be carried, but we don't propose to rest on our oars till every possible effort has been put forth to kill and bury the bill beyond resurrection for the present.

The severe weather in Europe still continues, and is entailing dreadful suffering upon the unfortunate poor of that continent. Such weather has not been known there in the lifetime of the oldest inhabitant. The lake of Constance is frozen over; ice stretches far out into the Baltic; the orange orchards of Spain and the olive groves of southern France are being frozen; along the boasted Riviera people are found frozen to death in their beds, and even in northern Africa the country is covered with snow, and traffic is blocked. Meantime, here in Southern California we bask in the sunshine and enjoy the balmy air that comes to us laden with the fragrance of a thousand flowers. There is but one Southern California and Los Angeles is the hub of it.

The Express holds out to THE TIMES the awful and mysterious threat—awful, because it is mysterious, and mysterious, because it is awful—that, if THE TIMES does not cease castigating it, this journal will hear "something harsh." Goodness gracious! but is the little Express going to be "real bad?" Go to, little Express! Go

several, and when you say your little "Now I lay me," add a few words of thanks to a merciful Providence for not having yet inspired any one of means and ability with the idea of starting a real evening newspaper, because then, where, oh where would you be? Down—far down—with McGinty, and your bladder wouldn't save you, because it is pricked. Don't try to be real bad, little Express, you only make people laugh at you. Wait till you're "grow'd up" and meantime behave yourself, or we shall have to spank you some more. It's not a pleasant task, but it's our duty and we never shirk our duty. "Duty first and pleasure afterward" is our motto.

The following complimentary reference to our State is clipped from the New York Tribune:

With a smile as broad as the phylactery of the discontented Free Trader, California closed her books for the year that's "awa," almost, and small wonder, for behold the stocktaking of her family! 1,300,000 souls, 1,300,000 tons of that beautiful wheat, more than a ton for every man, woman and child in the State, 18,000,000 gallons of wine, 600,000 boxes of raisins. These are among her products. From her surplus she exports 600,000 tons of fruit, fresh, canned and dried, and 50,000 tons of wool. Used to be called the "land of the golden rule," in politics or out, which accounts for her Republican vote and the silence of the Mugwumps on that put to him, his favorite subject.

The new organization to which we briefly referred a few days ago, the Los Angeles County Highway and Forestry Association, held a meeting yesterday, Senator Cole, who has for several years done much to awake interest in the important subject of county roads, being in the chair. Opinion was expressed in favor of a scientific system of road management, as recommended by the late Grand Jury, and a committee of five was appointed to formulate a bill to be presented to the Legislature.

The correspondent of the Express at Sacramento who has been calling himself "Capt. Manon," has now conferred upon himself the extra dignity of "Hon. Mr."

AMUSEMENTS.

THE FRANCISCO CONCERT.—Every one who was fortunate enough to have been among the audience at the Francisco concert in the Los Angeles Theater last night, must have felt a sense of artistic satisfaction and a glow of local pride that was possible to bring to so worthily so fine a programme. Every performer showed the dash and decision that mark the artist, giving to the concert, as an entirety, a coherence and beauty very striking. The playing of the quartette consisting of Messrs. Francisco, Hierlich, Hamilton and Staum, opens up enticing possibilities for future chamber concerts, and their playing of such numbers as Schubert's "D minor Quartette" and the "Andante" of "Tchikowsky" prove that they may honorably enter the ranks of the true virtuosi. The "Gavotte" is a composition of Louis Gottschalk, and possesses melody, smoothness and grace.

Owing to the illness of Mrs. J. S. Owens, her place was taken by Miss Grace Milmore, whose delicate, sympathetic rendering of "Tchikowsky's" great aria added to her growing favor here as a wonderfully finished singer. Miss Berger's name is the promise of the strong individual playing that one always hears from her fingers.

Mr. Modiol-Wood, though suffering severely from an attack of a gripe, kindly sang not only his own number, but again the place of Mrs. Owens.

Mr. Francisco's playing strikes at once the modern note; like the literature and the painting of today, it is light, keen, delicate, polished, careful, flower-everything, perhaps, but robust, obtrusive, virile. So much for the impression as a whole; but in detail it is full of bits of nice technique, so that the audience who was so delighted with the whole, was not disappointed in the details. That Mr. Francisco has studied in Europe to advantage is apparent, and his work is polished, and honorably the stamp of a gifted player.

The audience was a large and attentive one, calling Mr. Francisco before the footlights most cordially, and appreciating the entertainment offered them.

GRAND OPERA HOUSE.—There was a considerable increase in the attendance last night to witness Patti Ross's performance of *Imp. Tonight*. The bill is changed and *My Darling* will be the attraction. The piece has been almost entirely rewritten by Clay Greene since its last presentation here, and is said to be in many respects superior to its former version. The company being very strong, and the new piece being a very little comedienne, a good performance may reasonably be expected. This will be the last night of the engagement.

The Coldest Day.

LOS ANGELES, Jan. 18.—[To the Editor of THE TIMES.] To decide a "war of words," you would kindly inform two of your constant readers the lowest temperature ever registered in this city? Also, the lowest reached this season? SOUTH CAL. BOOMER.

According to the official report of the United States signal office in this city, the lowest point on record is 25°, which was reached February 18, 1883. The lowest point reached during the recent cold spell was 34°, which was on the 10th and 13th insts. It is unofficially stated that on the two dates above mentioned, mercury touched 28° in exposed places in the southwestern portion of the city, but there is no way of verifying the report. Broadly stated, it may be said that the freezing point is rarely reached in this city.—ED. TIMES.

A Successful Man.

[San Francisco Call.]
 Maj. George H. Bonebrake of Los Angeles, whose name has been brought prominently forward as a candidate to succeed Senator Stanford when the latter's term shall have expired, has returned home from this city. While comparatively a new man in State politics, he has long been a power in the southern citrus belt, and is, in many ways than one, a man whose success has been remarkable. A newspaper man in his younger years, a lawyer at a later period, he abandoned both as not sufficiently remunerative and took to business. During boom times in Southern California, he amassed a large fortune, and with the genius of a born financier got out before the reaction, and is today estimated at over \$500,000. He is a man of irreproachable character and popular to a rare degree.

HIS REIGN OVER.

King Kalakaua's Malady Ends in His Death.

His Trip to California in Search of Health Proves Fruitless.

The Charleston Will Return to Hawaii With the Monarch's Body.

Arrangements for the Funeral Services at San Francisco—The King's Final Moments—A Resume of His Reign.

By Telegram to THE TIMES.
 SAN FRANCISCO, Jan. 20.—[By the Associated Press.] Kalakaua, King of the Hawaiian Islands, died at the Palace Hotel in this city at 2:30 o'clock this afternoon. There had been no hope of the King's recovery since Sunday, though his alarming condition was not generally known until last evening, when the attending physicians announced that his malady was Bright's disease of the kidneys and uræmia.

Kalakaua's visit to this country was made on account of his failing health. He commenced to gain strength soon after his arrival here, but the improvement was only temporary, and soon after his return from the trip to Southern California last week his condition BECAME MUCH WORSE.

During the last few days the King was unconscious nearly all of the time, and his life was prolonged only by the use of stimulants.

During all of last night death was expected at any moment. The King's physicians and other attendants, including Consul-General McKinley, Col. R. H. Baker, the King's chief-of-staff, Col. George Macfarlane, his Chamberlain, and several ladies remained at his bedside or in the adjoining room. There was no improvement in the King's condition this morning, and by noon it was apparent to all that he could

LIVE BUT A FEW HOURS LONGER.

At times it was almost impossible to distinguish his breathing at all, though

the respiration, slight as it was, was very rapid. He continued to sink until 1:30 this afternoon, when Col. Macfarlane bent over the bed and asked the King if he knew him. No reply came to the question and not even the slightest token of recognition. Then, at the request of Col. Macfarlane, Rev. Dr. J. Sanders Reed, rector of the Trinity Episcopal Church, read a selection from scripture, and the demonstrations of grief on the part of the Chamberlain and other attendants were very affecting.

The reading of scriptural passages was continued nearly an hour. The patient's breathing grew fainter every moment, and those who were watching at the bedside could scarce ly notice any sign of life. At 2:30 o'clock Medical Inspector Woods, who was standing over the King, announced that he

had died.

The body of the King was embalmed tonight, and tomorrow the remains will be placed in a metal casket, hermetically sealed, and conveyed to the mortuary chapel of Trinity Church, where they will be guarded by a detail from the United States army forces. The remains will not lie in state, and will not be exhibited to the public.

At 1 o'clock Thursday afternoon funeral services will be held at Trinity Church. The remains will then be escorted by United States troops, the Second Brigade California National Guard and various masonic bodies to the wharf, where they will be officially received by Rear-Admiral Brown and conveyed on board the Charleston, which came down from Mare Island today.

THE CHARLESTON'S SAD VOYAGE.
 The Charleston will sail for Honolulu at 4 o'clock Thursday afternoon. Col. Macfarlane and Baker and the King's personal attendants will accompany the remains.

The next regular passenger steamer for Honolulu will not leave here until Jan. 27th, and it is probable that the first intelligence of the King's death which will be received by the Hawaiian people will be when the Charleston arrives at Honolulu with the remains of the King aboard. The flags on the public buildings in this city were placed at half-mast this afternoon, and the Hawaiian ensign was also at half-mast above the Palace Hotel.

HIS SUCCESSOR.

Kalakaua became King of Hawaii in February, 1874. His successor will be his sister, Princess Liliuokalani, who has been acting as Queen regent during Kalakaua's absence from the islands.

Kalakaua's Reign.
 David Kalakaua was the seventh King of the Hawaiian Islands. He was born in Honolulu on November 17, 1836, and was 54 years of age at the time of his death. He was the son of K. Kapake and Keohakalo, and was descended on his mother's side from Keawe, an ancient King of the Island of Hawaii.

Kalakaua received a thorough English education, in company with about fifteen other hereditary chiefs, in the Royal School at Honolulu. In 1859 Kalakaua made his first visit to California. In 1863 he took unto himself a wife in the person of Princess Kapolani. King Lunalilo died on February 3, 1874, without proclaiming a successor. Immediately Kalakaua and the Queen Dowager Emma, relict of Kamehameha IV, declared themselves candidates for the throne.

The Legislature was immediately convened in extra session to elect a King. On February 12, 1874, Kalakaua was chosen King, receiving 39 of the electoral votes out of 45, the remaining 6 being given to Queen Emma. As soon as the result was declared a mob of Queen Emma's partisans broke into the Courthouse and attacked the Legislature, which was still sitting there. The Hawaiian authorities appealed to the British and American men-of-war, then lying at the port of Honolulu, for aid. It was promptly

given, and the insurgents were dispersed by parties of marines from the Tuscarora, the Portsmouth and the Tendo.

On the 14th of February, 1874, Kalakaua was duly installed as monarch of the kingdom of Hawaii, and on the same day he proclaimed his brother William Pitt Lelelohoku, heir apparent.

During the eighteen years that King Kalakaua ruled in Hawaii the prosperity of the islands has been materially advanced. Commerce has been extended and natural industries developed. Peace has characterized his entire reign, and, barring one or two attempts of insurgents to overturn the government, there have been no uprisings of consequence.

A STRIKE ON THE ERIE.

The Reinstatement of an Incompetent Employee Demanded.

CHICAGO, Jan. 20.—[By the Associated Press.] The Chicago and Erie Railway has a serious strike on hand, the strikers being conductors and dispatchers. A month ago Dispatcher Scott, at Huntington, Ind., made a serious mistake in giving an order, which was discovered in time to prevent a serious wreck. He was discharged, but on the other dispatchers threatening to strike the company changed his sentence to thirty days' suspension. Now it is alleged by the conductors and dispatchers, Scott has been dismissed outright, and they have notified General Manager Tucker of a strike to begin tonight. The strike will probably affect the road to Salamanca.

Gen. Manager Tucker says that only the conductors and dispatchers are out; that the engineers, firemen and brakemen refuse to join the strike.

MEETING OF THE SAN FRANCISCO CHAMBER OF COMMERCE.

Congress Asked to Survey the Pacific Ocean for a Cable—The Shipping Bill Indorsed—State Board of Trade.

By Telegram to THE TIMES.

SAN FRANCISCO, Jan. 20.—[By the Associated Press.] The forty-first annual meeting of the San Francisco Chamber of Commerce was held today. President Perkins, in his report, reviewed the work of the year and congratulated the State on its prosperity. A memorial was adopted urging California members in Congress to use their influence in passing the Shipping Bill. A resolution was adopted inviting all commercial organizations on the Pacific Coast to join in memorializing Congress to hasten the completion of the Nicaragua Canal.

The Committee on the Australian and Hawaiian Cable submitted a report in which California congressmen are asked to use their influence to have an appropriation made for soundings and a survey for the cable. The chamber will also ask Congress to establish a naval reserve of four companies, to be attached to the California National Guard.

A memorial to Congress was adopted urging a more liberal policy in the government of Alaska. Resolutions calling for the publication of a monthly pilot chart of the Pacific Ocean were adopted.

President Perkins announced that the following officers had been elected for the ensuing year: President, C. L. Taylor; first vice-president, W. H. Dimond; second vice-president, James F. Chapman. A board of trustees may also be chosen.

The State Board of Trade, at its meeting today, adopted the following resolution:

Resolved, that this board earnestly requests that any appropriation made by the State Legislature for the purpose of securing a proper exhibition of the products of the World's Fair be made under such restrictions as will make it impossible to use any part of it for sectional purposes.

OWES AN APOLOGY.

The Startling Story Sent Out by a London "Times" Correspondent.

WASHINGTON, Jan. 20.—[By the Associated Press.] Secretary Blaine was asked by a representative of the Associated Press today if the State Department had learned the cause of the "war" excitement a fortnight since in London. He replied that he had just received a copy of the London Times of January 6, in which he found a dispatch from its regular American correspondent, dated Philadelphia, Jan. 5, as follows:

"Naval orders recently issued indicate the gathering of a formidable American fleet in Pacific waters before the Bering's Sea fishing season opens. Eleven war ships and five revenue cutters are now, or will soon be there, having ninety guns and 2635 men. Seven other steamers, it is rumored, will be chartered to increase the fleet to twenty-three ships, with 115 guns and 3000 men, including two of the fastest and most powerful of the new cruisers, the San Francisco and Charleston."

Mr. Blaine said that on receiving the unfounded and mischievous telegram, he had sent to the Navy Department and had been informed by Secretary Tracy that there had been this winter a smaller naval force on the Pacific than at any time in the last ten years. The whole number of ships is five, guns forty-one and the number of men 554. Mr. Blaine added that he thought the correspondent of the Times owed an explanation to the American people. There was no excuse whatever for transmitting erroneous statements to Europe.

PHILADELPHIA, Jan. 20.—Joel Cook, financial editor of the Ledger and correspondent of the London Times in this city, was seen tonight relative to his dispatch to the Times regarding the mobilization of a fleet of United States war vessels in Bering sea. He said that his dispatch was a brief summarization of a long dispatch in the New York Times, January 5, from Annapolis, giving in detail the names of vessels to be concentrated and the number of guns and men they would carry.

Wm. Long Recaptured.
 PORTLAND, Jan. 20.—Detective Joseph Day this morning arrested William Long, alias Jones. In November, 1887, Long was tried in San Diego county, Cal., in connection with what was known as the Great Eastern burglary. He was convicted and sentenced to twelve years in San Quentin. While being conveyed to California he eluded the Sheriff at Oakland wharf. He will be returned to California at once.

Excitement Over the Murder of Few Tails Entirely Subsid.

A Delegation of Chiefs Preparing to Lay Their Side of the Story Before the Authorities at Washington.

By Telegram to THE TIMES.

PINE RIDGE, S. D., Jan. 20.—[By the Associated Press.] Gen. Miles has succeeded in allaying to a great extent the excitement under which the Indians labored yesterday over the killing of Few Tails. Gen. Miles has issued an order for a grand review to take place at Wolf Creek. He sent word to the Indian chiefs that they must not look upon the movement of troops in reviewing as one directed against them, but rather as an evidence that the campaign is drawing to a close.

The first large beef issue under the new agent, Capt. Pierce, takes place tomorrow. Forty-five hundred people will be fed; the first time one beef will be issued to twenty-one people, instead of thirty, as formerly. This increase greatly pleases the Indians.

Gen. Miles is selecting ten chiefs from both the Ogallallas and Brules to send to Washington to set their case before the Interior Department. They will be accompanied by F. M. Lewis, the special Indian agent who arrived for that purpose.

Capt. Baldwin of Gen. Miles' staff, was buried this morning. Ten more guns were turned in today.

Practically all the troops at the agency will participate in the review. There is a belief that this display will be the last feature of the campaign, and that the Indians will be duly impressed with the number of soldiers available to suppress any uprising.

The Red River Chipewas.
 RIVER FALLS (Minn.), Jan. 20.—Excitement prevails here, over the report that the Red Lake Chipewas are preparing for an outbreak.

THE VESTIBULE PATENT.

Wagner Gains a Point in a Decision at Chicago.

CHICAGO, Jan. 20.—[By the Associated Press.] The Wagner Palace Car Company won a temporary victory over the Pullman Company today in the decision by Judges Blodgett and Gresham in the long-drawn-out vestibule case. In a recent case, Judge Colt, in the United States Court for Massachusetts held that Wagner was infringing on the Pullman patents, and an injunction was issued. Then Pullman asked that the Lake Shore and Michigan Central be enjoined from using the vestibule, but Judges Gresham and Blodgett today refused this until a full hearing can be had.

The court held that the patent granted Sessions in November, 1887, involved the same improvements, and that it was not shown that Pullman had a prior right to the patent. The case is therefore still left open.

BURNED BY INCENDIARIES.

A Second Attempt on the San Bruno Hotel Proves Successful.

MILBRIDGE (Cal.), Jan. 20.—[By the Associated Press.] At 11 o'clock last night fire was discovered in the sheds adjoining the San Bruno House, at San Bruno, owned by Dick Cunningham. The fire spread so rapidly that nothing of value was saved. The stable, sheds and hotel were burned to the ground, the loss being about \$10,000, partially covered by insurance. An attempt was made on the 18th inst. to burn this place, but the fire was discovered and extinguished before any damage was done. It is supposed to be of incendiary origin and every attempt will be made to discover the guilty parties.

WRECKED AND ROBBED.

A Rio Grande Train Derailed and Rifled by Filizten Men.

BROWNSVILLE (Tex.), Jan. 20.—[By the Associated Press.] At noon yesterday a train on the Rio Grande Railroad, between here and Point Isabel, was wrecked and robbed by fifteen men. They placed obstructions on the track, derailed the train, held up the passengers and got away with about \$20,000 of American money which was en route for New Orleans. The passengers were relieved of their money and valuables. The Sheriff and posse are scouring the country for the robbers, who are doubtless safe in Mexico.

Burned While Fighting Fire.

ANAHEIM, Jan. 20.—John Wagner, while fighting a brush fire yesterday during a high wind, was horribly burned about the face, head and hands and had a narrow escape from incineration. At last accounts he was resting easily.

Bankers' Alliance.—This Association, with its usual promptness, has settled in full its loss upon the life of Mr. W. J. Mills, late of San Bernardino, as the accompanying letter will show. The Bankers' Alliance is to be congratulated upon its success, which is now assured by its large increase in business.

LOS ANGELES, CAL., Jan. 20, 1891.

BANKERS' ALLIANCE OF CALIFORNIA:—Please accept my sincere thanks for the prompt manner in which you have paid the \$5000 life insurance of the late W. J. Mills deceased, a resident of San Bernardino, and I can cheerfully recommend the Bankers' Alliance of California to all persons desiring to take out a life insurance policy, as a company perfectly reliable and prompt in the payment of its losses. Sincerely yours,
 [Signed] FRANK B. DALEY,
 Administrator of the estate of W. J. Mills, deceased.

THE NEXT SENATE.

Legislatures Balloting for New Members.

Bribery Charged in the Contest in the State of Washington.

No Choice Yet Reached by the New York General Assembly.

"Dick" Oglesby is Ahead in Illinois—Mr. Teller Will Succeed Himself—The Southern Senators All Go Back.

By Telegraph to The Times.

OLYMPIA, Jan. 20.—[By the Associated Press.] There was no ballot for Senator in the House today. Mr. Metcalf of Stevens, arose and charged Harry Clark of Spokane, with attempting to bribe him to vote for Calkins, and deposited with the Speaker \$500 which had been paid him. A committee of five was appointed to investigate and the House adjourned till 8 o'clock tonight. A test vote shows Squire to have forty-six votes in the House.

The investigation committee met tonight and examined Representative Metcalf. He said that Harry Clark gave him \$200 last night and said that he would receive \$1000 for voting for Calkins. Judge Calkins said that if Clark paid Metcalf money to vote for him it was without his (Calkins') knowledge. Clark said that he had been working for Calkins and had urged Metcalf to vote for him. He denied, however, that he had paid Metcalf any money.

In the Senate the vote for Senator stood: Squire 15, Calkins 14, Acting-Gov. Laughton 1, Carroll (Dem.) 4. The total vote of both houses is as follows: Squire, 58; Calkins, 29; Carroll, 21; Laughton, 1; Edward Eldridge, 1.

IN SOUTH DAKOTA.

PIERRE (S. D.), Jan. 20.—The first ballot for Senator, was taken today. In the House it stood: Moody (Rep.) 53, Harden (Ind.) 22, Cross (Ind.) 11, Wardall (Ind.) 5, Cosand (Ind.) 5, Tripp (Dem.) 19, Preston (Rep.) 3, Elliott, Melville and Gifford (Rep.) 1 each. In the Senate the vote stood: Moody 22, Tripp 6, Wardall 7, Cross 4, Cosand 3, Harden 2, Congressman Fisker L. Moody received all the Republican votes but 6, but falls 10 short of enough to elect. Several Independents are known to favor Moody for second choice. The Republicans are not confident, but are still hopeful.

IN PENNSYLVANIA.

HARRISBURG (Pa.), Jan. 20.—Senator Cameron was re-elected today. The ballot in the House stood: Cameron 113, Taggart 7, Dr. Flood 3, Judge White 2, Chauncey F. Black (Dem.) 77. In the Senate it was: Cameron 31, Black 17, Sibley (Dem.) 1. Taggart, White and Flood represented the outspoken opposition to Cameron among the Republicans. A joint session will be held tomorrow.

IN NORTH DAKOTA.

BISMARCK (N. D.), Jan. 20.—The ballot for Senator today resulted, in the Senate: Pierce 8, Hausbrough 4, Miller 3, Ball 3, Lounsbury 4, Muir 4, McCormack 6. In the House: Miller 9, Pierce 9, Hausbrough 6, Ball 6, Stimmel 2, Muir, 5, Lounsbury 1, McCormack 18, Lamourne 1, Rourke 1. A joint session will be held tomorrow.

IN NEW YORK.

ALBANY (N. Y.), Jan. 20.—Both branches of the Legislature voted for United States Senator today. There were six absentees in the Assembly. The ballot taken gave Everts a majority over Hill. A joint session will be held tomorrow, when all of the Democrats are expected to be present, and as a result will elect Hill.

IN OREGON.

SALEM (Or.), Jan. 20.—The Senate and House today balloted in separate session for United States Senator to succeed J. H. Mitchell. In the Senate the ballot resulted: J. H. Mitchell (Rep.) 22, B. Goldsmith (Dem.) 16. In the House the vote was: Mitchell 41, Goldsmith 19.

IN ILLINOIS.

SPRINGFIELD (Ill.), Jan. 20.—The two branches of the Legislature today voted for United States Senator. The first ballot was: Palmer (Dem.) 77, Oglesby (Rep.) 73, Streeter (F. M. E. A.) 3. Senate: Palmer 24, Oglesby 27. No candidate received a majority.

IN CONNECTICUT.

HARTFORD (Conn.), Jan. 20.—Both branches of the Legislature voted for United States Senator today. The Republicans of both houses voted for Senator Platt, while the Democrats scattered. A joint session will be held tomorrow.

IN COLORADO.

DENVER, Jan. 20.—The Senate this morning elected Teller to succeed himself. The regular anti-combine houses met separately and both gave Teller a majority.

IN NEW HAMPSHIRE.

CONCORD (N. H.), Jan. 20.—Dr. Jacob H. Gallinger (Rep.) received a majority of the votes of the two houses for United States Senator.

IN NORTH CAROLINA.

RALEIGH (N. C.), Jan. 20.—Senator Vance received an overwhelming majority in the ballot taken in both houses of the Legislature today.

IN INDIANA.

INDIANAPOLIS, Jan. 20.—The two houses of the Legislature in separate session re-elected Senator Voorhees.

DECEIVED NEGROES.

A "Fake" Colonization Scheme Worked in the South.

ATLANTA (Ga.), Jan. 20.—[By the Associated Press.] Excitement among the negroes over the colonization in Liberia scheme being engineered by the United States and Congo National Emigration Steamship Company does not abate. It is estimated that 2000 negroes have come to Atlanta from Texas and Mississippi to wait for the promised ship, which has not come, and the cold weather of the past few days has found them in such destitution that the city in many instances has been compelled to aid them. There is some talk of bringing the matter before the courts, but as each paid so little, it is not probable that such action will be taken.

On a Murderous Drunk.

WICHITA (Kan.), Jan. 21.—Camel Lopez, a Mexican tamale peddler, got drunk this morning and went to the house of a negro named Speck, with whom he lived, and attacked Mrs. Speck. The woman fled to the next

house, occupied by a colored man and wife named Dennison. Lopez followed her and attacked the three persons with a knife. Dennison was killed and the two women dangerously wounded.

THE LAST SAD RITES.

Funeral Services Over the Remains of Historian Bancroft.

WASHINGTON, Jan. 20.—[By the Associated Press.] The funeral of the venerable historian, George Bancroft, took place this morning at St. John's M. E. Church, and was attended by a large and most distinguished gathering. Among those present were the President and Mrs. Halford, Vice-President and Mrs. Morton, Cabinet officers and their wives, British and German ministers and nearly all other members of the diplomatic corps. The Navy, Army and Congress were represented also.

The remains were encased in a handsome black cloth-covered casket with silver ornaments, and bearing on its lid a heavy silver plate. The floral tributes were beautiful. The services were simple and brief, and were conducted by Rev. Dr. Douglas, rector of the church. The remains were then taken to the Baltimore and Potomac train for transportation to Worcester, Mass., where the interment will be made.

EULOGIES FROM GERMANY.

BERLIN, Jan. 20.—German newspapers print warm eulogies of the late George Bancroft, the American historian.

EGGS VS. SILVER.

THE NEW ENGLANDERS ARE OPPOSED TO FREE COINAGE.

They Believe Their Poultry Product of More Value Than the Entire Silver Output—A Protest from Boston.

By Telegraph to The Times.

BOSTON, Jan. 20.—[By the Associated Press.] Faneuil Hall was packed today with the business men of Boston, gathered at the call of Mayor Matthews to formally protest against the free coinage of silver. A number of addresses were made. Gen. F. A. Walker deprecated the admission into the Union of new States to neutralize the influence of the elder communities. "The free coinage of silver," he said, is dishonest and destructive.

The principal speech was made by Hon. Edward Atkinson. He said, in part:

A small fraction of senators from the remote border States have combined together as representatives of the silver mines, rather than of the people, to force into circulation a dollar made of silver, which will not meet the test by a just unit of value must be tried—by fire. The silver dollar is not the true standard. It is worth 70, 80, 90 and even 100 cents for a while, and yet no one can tell what it will be worth next week, month or year. Such a dollar is not fit to be the standard or unit of value of a great commercial nation. A sound fiat calls upon the Great West and the Great East will surely respond. We do not call upon the sparsely-settled border States whose little product of silver mines is not equal in value to the great annual production in the barnyards of the country; not even equal in value to the poultry and eggs of poor New England.

The farmers, workmen, manufacturers and all solid sense of this country is against the measure. Let us call upon Executive and Legislature of the State to see to it that an act is passed to this end; that in all contracts entered into after the passage of this act in which dollars are named in promises, that the courts shall construe the dollar means and promised is the best dollar that can be made—a dollar of gold coin. In this course we will be justified by the law, by the action of California in another emergency, and the record of our great country, which, throughout all time, has maintained a promise according to its intent and meaning, whatever the law of legal tender may have been. We shall be justified again by the act of our great country—first among the nations—that, having issued under stress of war its own notes for the purpose of collecting a forced loan, has paid, or now stands ready to pay, the debt in the best dollar that can be coined—a dollar made of gold or its equivalent.

Resolutions against free coinage were passed.

SUICIDE OF N. E. SWARTWOUT.

A Former Pasadenaian Takes His Own Life at New Orleans.

CHICAGO, Jan. 20.—[By the Associated Press.] News is received here that N. E. Swartwout of Chicago committed suicide at New Orleans last night. Swartwout was a well-known resident of Highland Park, and was intimately associated with Prof. Elihu Gray, the well-known electrician. Four years ago he went to California and speculated in lands at Pasadena, but held on too long and lost everything. There is no cause known for the suicide.

A NEW CAPITAL.

San Jose Aspires to Be the Seat of Government.

A Bill for That Purpose Introduced in the State Senate.

Mr. Goucher Wants to Know About Waterman's Appointments.

He Asks Whether One Governor Has Power to Undo the Work of Another—Sacramento Happenings.

By Telegraph to The Times.

SACRAMENTO, Jan. 20.—[By the Associated Press.] Mr. Crandall introduced two bills—one to remove the seat of State government from Sacramento to San Jose, and the other for an appropriation for additional Normal School buildings at San Jose.

The report of the Judiciary Committee was read. The bill to declare the Klamath River navigable was reported back, with the recommendation that it be sent to the Mines and Mining Committee. Chairman Sprague stated that the World's Fair Bill had been sent to his committee to pass on its constitutionality. They had found it to be constitutional, and now recommended that it go to the Committee on Finance.

After the reading of bills the question of Waterman's appointments came up, and was referred to the Judiciary Committee. Mr. Goucher wanted the question, as to whether one governor had a right to withdraw appointments made by another governor, referred to the same committee. It was done.

The Senate then adjourned till tomorrow morning. Senator Shippee, who was elected to take the place of Pond, deceased, was sworn in this morning and took his seat.

Assembly.

The Assembly met at 11 o'clock. Mr. Heacock's Senate bill regulating and specifying who shall be employed in the Senate and House was read for the second time, and made the special order for third reading tomorrow.

The Committee on State Prisons reported that it was engaged in the consideration of the bill providing for new building at Folsom, and asked for further time.

The Judiciary Committee reported back without recommendation Mr. Sannahan's bill to abolish the Railroad Commission. A recess was then taken till 2 o'clock.

The Assembly reconvened at 2 o'clock. Mr. Dibble's Bill to amend the section of the Penal Code relating to fines and imprisonment was passed, after third reading. Mr. Kellogg's Bill relating to the redemption of property sold at tax sales was returned to the engrossing clerks. A second reading of bills was then taken up, after which the House adjourned.

THE ECKLE-CAMPBELL CONTEST.

SACRAMENTO, Jan. 20.—The Election Committee of the House met this evening to hear the Eckle-Campbell investigation. Eckle is an Assemblyman from Colusa county, and Campbell contests his right to the seat. Eckle was not ready to proceed, and the matter was put over till Thursday evening.

To Popularize the Senate.

ST. PAUL (Minn.), Jan. 20.—The houses today adopted a joint resolution petitioning the Minnesota Congressional delegation to support the submission of a constitutional amendment providing for the election of United States Senators by a popular vote.

Paid All Demands in Full.

PALMERO (Neb.), Jan. 20.—There was a heavy run on the Deposit Bank yesterday, resulting from a rumor that the institution was in an unsafe condition. The bank paid all demands in full. Cashier Shipley has gone to Omaha to arrange for funds to tide over the crisis.

Leaving for the Fisheries.

HALIFAX, Jan. 20.—About twenty more fishermen left today for the Behring Sea fisheries.

Local Happenings Worth Writing About.

WHERE TO TAKE A DRIVE.

How Visitors Can Spend a Pleasant Day—Mr. Davenport's Death—A Chestnut Concert—Brevities and Personal.

To the late arrival in town who is unacquainted with the numerous surrounding attractions and whose taste runs to driving as a pleasurable form of outdoor amusement we recommend the following:

Start not later than 8 o'clock one of these fine mornings. If you have a party of friends so much the better, it makes the ride all the jollier. This being the case, take a "three-seater"—the lively men will supply you with a first-class span of horses. Take the main highway due east to Baldwin's ranch. You will be charmed the whole distance by the magnificent panorama of mountain and valley scenery, constantly unfolding, constantly changing. Beyond Lamanda Park, where you come to the western boundary line of the ranch a road has been opened up directly through the ranch, running not far from the Santa Fe track and in a parallel direction to the Santa Anita station. Here you take the road leading south to the lake, and thence drive west to the driving track. Trainer Williams will greet you cordially, and display to your admiring eyes as fine a lot of running colts as you have ever seen. Intelligent, beautifully-proportioned animals, with a pedigree that fixes their value way up in the thousands, although their speed is as yet an unknown quantity. About 10 o'clock the jockeys take the animals out for an airing, and a pretty sight it is to see them slowly rounding the mile track, bordered as it is by a high wall of alternating peppers and eucalypti. You will find the stadium very interesting and will be loath to leave. Returning a half hour can be profitably spent inspecting the lake and surrounding buildings.

The course then lies southward to the main road leading west. Sunny Slope winery looms into view and a short detour to the north takes you to the lake. The ride homeward lies through the picturesque Alhambra district and when you have returned, you will be convinced that Pasadena is located in the fairest country on God's green earth.

PUNDITA RAMABAI

And the Good Work She is Doing in India.

The Pundita Ramabai Circle at its last meeting in the Baptist church was greeted by a large and interested attendance. A letter was read from Miss Hamlin, who went from San Francisco to assist the Pundita in her work at Bombay. The letter describes the treatment the widows in that country receive from their dead husband's relatives, their delight at being in the school and the desire for reform on the part of many of the men of high caste as to education of their daughters. The letter was of great interest, and although the reading occupied a half hour, it was listened to with the greatest attention. Rev. Mr. Staats was present and expressed his hearty sympathy with the movement. He felt that Ramabai and her school were being conducted on the correct basis. Miss Hamlin hopes to visit this country during the year, when she will give an account of the work in India. The Pasadena Circle raised about \$65 during the year 1890, and during the three years of its existence about \$250. At the election of officers Mrs. Bent was chosen president and Mrs. Bennett secretary and treasurer.

CHESTNUT CONCERT.

A Near-coming Musical Event. Much interest is being manifested in the "Chestnut" concert to be given Friday evening in the Universalist Church by some of the best vocalists of town. The concert will savor of novelty, and the following programme is sure to be rendered in the best possible manner. The singers will wear appropriate costumes.

"Home Again," full chorus; "Maid of Athens," Mrs. Howe; "Billy Boy," Helen Evans and Ellen Howe; "Quaker Duet," Miss Stoutenburgh and Mr. Wood; "Do They Think of Me at Home," Mrs. Clapp; trio (selected), Baldwin children; "Bay of Biscay," O. Mr. Kyle; "Surely," Miss Dexter; "Come Where My Love Lies Dreaming," Messrs. Conley, Wood, Frost and White; "Juanita," Mrs. Howe; Miss Stoutenburgh, Messrs. Cates and Howe; "Old Oaken Bucket," Messrs. Thayer, Wood, Howe and Kyle; "Yankee Doodle," Mr. Kendall and chorus; "Comin' Thro' the Rye," Mrs. Cates; "Darling Nellie Gray" (character song), Mr. Frost; "Last Rose of Summer," Mrs. Howe; "Annie Laurie," Miss Manlove; "Uddie," Mr. Howe and chorus; "John Anderson, My Jo," Harmonia Quartette; "Three Fishers," Miss Stoutenburgh; "Home, Sweet Home," full chorus.

The Way of All Flesh. M. G. Davenport died yesterday morning of rheumatism of the heart, at the residence of his niece, Mrs. Fitzhenry, at the Mariposa, on Center street. The deceased was in the 76th year of his age. Death came very suddenly, he being in seeming good health until a short time before he was stricken down. He was one of the pioneers of the State, and during the past six years has been a resident of Pasadena, where he enjoyed the respect of a large acquaintance. The news of his death was a shock to his many friends.

Another Robbery. Thieves still exist in Pasadena. Monday night, at an unknown hour, some person loomed a couple of boards on the rear of Chappel's fruit stand, on Colorado street, adjoining

the Natural History store. A quantity of candy, some fruit and other contents of the establishment, were carried off, and the thieves left no track behind them. The night officers heard no unusual noises. The Marshal is on the lookout for the guilty parties.

BREVITIES.

The overland was four hours late yesterday.

The Stanton House, on Grace Hill, is almost ready for occupancy.

Patti Ross has made an impression on several susceptible Pasadenaians.

Yesterday the thermometer was at summer heat. Speaking of weather; it's all right.

The mound of dirt between the two railroad tracks at the cut is entirely cleared away.

Charley Frost has sold his livery stable. It will continue to be conducted as such.

The new doors on the San Gabriel Mission do not add to the picturesque quality of that ancient edifice.

If you enjoy plenty of fun and good music see how Tom spends his vacation at the Opera House tonight.

J. H. Outhwaite and Mr. Emory, a guest at the Raymond, went to San Francisco yesterday on a short trip.

A trip up Wilson's Peak is contemplated by a party of young people of our town for the latter part of the week.

Swaine Firth left yesterday for San Francisco, where he will board a steamer for Honolulu, on a pleasure trip.

The second and last day of the Raymond tennis tournament was yesterday. Some of the games in the finals were very interesting.

The survey for the new trail up Mt. Wilson has been completed, and the company is now ready to give out the contract for building it.

Very contradictory rumors are afloat as to whether or not the San Gabriel Rapid Transit Company ever propose to build a trail to Wilson's Peak.

Progressive cards was the amusement at the Raymond last night. Tonight's shooting match will take place. Tomorrow night the progressive game.

Among yesterday's arrivals at the Hotel Green were Julia Hyde, San José; W. S. Bowler, Cleveland, O.; T. W. Burke, Pennsylvania; J. T. Smith, Dayton, Wash.

The following officers of Babcock Degree Lodge, I. O. O. F., were installed Monday night: Mrs. Sarah E. Robins, N. G.; Mrs. L. Ingalls, V. G.; A. T. Butterworth, secretary.

Some half-dozen witnesses were summoned from Pasadena yesterday to testify before the Lunacy Commission in Los Angeles, on the matter of the insanity of Mrs. Mulro, the fortune-teller.

Mr. and Mrs. Harry Bissell of Pittsburgh, Pa., and a party of friends enjoyed a delightful drive yesterday to some of the neighboring points of interest. Lunch was taken at the San Gabriel Hotel.

One of the seekers after the postmaster says he has received recent communication from headquarters that his appointment is a foregone conclusion. Of course it won't do just now to give the lucky man away.

Klock & Burnett were yesterday awarded the contract for Prof. S. C. Clark's school building. The bid was \$2494, the lowest of several submitted. Architect Parker drew the designs and specifications for the building.

ROADS AND FORESTS.

Meeting of the Highway Association Yesterday.

AN INTERESTING DISCUSSION.

Rules and By-laws Adopted—General Plan of Action Outlined—Speeches and Resolutions.

The Los Angeles County Highway and Forestry Association met at 3 o'clock yesterday afternoon in the rooms of the Chamber of Commerce, Senator Cole in the chair and Secretary Hanchette present.

The minutes of the last meeting were read and approved and the association proceeded to business.

Mr. Forrester thinks it will be advisable for the association to work in conjunction with the Chamber of Commerce, as it will be necessary to secure the passage of a highway bill before the Legislature, and as the chamber is well-established and has a good standing it will be of great assistance.

The scheme to make the association an annex of the chamber met with favor, but Senator Cole and Maj. Bonasid did not think all the members of the association from the country would care to join the chamber.

The report of the Committee on Permanent Organization was read.

E. F. Spence was called on for his views. He is of the opinion that the Board of Supervisors will be the proper ones to take hold of the matter.

Mr. Forrester stated that legislation must be effected before the supervisors can do anything, and it is necessary for some kind of an association to take the matter in hand and work up public sentiment. He thinks there should be a botanical garden and a lake park.

The Board of the State Board of Forestry is strongly in favor of the association. An organization of this kind can do a great deal of good, while the supervisors do not have the time to devote to such work.

J. P. Early read from the final report of the Grand Jury showing that the present system of roadmasters should be changed. The county is spending large sums of money annually and nothing is being done. In many respects the roads are not so good as they were ten years ago. Mr. Early thinks that the supervisors will be able to change this whole system.

Supervisor Hubbard stated that the road overseers are elected, and the supervisors have done what they can under the present circumstances.

Abbot Kinney thinks the last Board of Supervisors did much for the roads of the county. He is strongly in favor of the association and thinks they will do much good. At present it is impossible for the supervisors to attend to their other duties and look after the roads as they should.

The average roadmaster knows nothing, as a rule, about roads, and can do nothing. He thinks there should be a scientific system, as suggested by the last Grand Jury.

The report of the Committee on Permanent Organization was then read and adopted.

The name agreed upon is the Los Angeles County Highway and Forestry Association, and the object is the improvement of highways and the promotion of forest culture.

Any reputable citizen of the county is eligible to membership, and the dues are \$1.00 per annum, payable in advance. The initiation fee is fixed at \$1 and the dues at 50 cents per month.

A committee of five to formulate a bill to be presented to the Legislature was appointed as follows: Messrs. Kinney, Early, Cole, Housell and Howard to report at the next meeting.

A Nominating Committee of five was appointed as follows: Messrs. Spence, Davis, Forrester, Cook and Wells.

Supervisor Davis, in quite a lengthy speech, defended his board and stated that during the past year they have done much in the way of building bridges and repairing roads.

Peak of El Monte introduced the following as suggestions, which were referred to the proper committee:

Resolved, that it is right and most economical for the citizen to repair and keep roads in order to save paying taxes and waste which comes from collecting and disbursing the same by officials.

That the present system of operating roads is thoroughly inefficient and wasteful, and that the roads should be operated on a more economical basis, and give a minimum of good for an enormous outlay. Wherefore, as a result.

Resolved, that all owners or occupants of land outside of municipalities should be required, after highways have been made by the public, to keep the same so far as it may be improved or along its property.

Resolved, that the Board of Supervisors should be required to do the same, and the expenses shall be a lien upon the land until paid. It shall be the duty of the roadmaster to collect his expenses within ninety days after each job of repairs is finished.

Resolved, that the present system compelling petitioners to supervisors, in order to obtain a road, is extravagant, inefficient and involves useless and grievous hardships upon the public; that it should be changed so as to dispense as far as possible with petitions.

In furtherance of this idea the State should declare all section lines to be highways.

Several times taken up by the Board of Supervisors in hearing road petitions, a personal examination of proposed roads. Such work would be cheaper, quicker and more satisfactory than if all petitions should first come before the Board of Supervisors, to be passed on by him, and then reported to the supervisors for final action.

Resolved, that a Commissioner of Highways, who shall be a Civil and Road Engineer as well, should be elected every two years in each county, whose duty it should be to pass up all petitions for roads, to superintend the work of all roadmasters and of the highways generally, and to report to the supervisors.

He shall receive a compensation of—

Resolved, that we must respectfully call the attention of the Honorable Board of Supervisors to the urgent necessity of having grade-boards shown, courses and distances, erected at suitable points in the highways throughout the county.

After further discussion the association adjourned until 2 o'clock next Tuesday afternoon.

THE RAILROADS.

Eastern Excursionists Arriving—A Big Party Due Saturday.

News was quite dull about the depots and down-town offices yesterday.

A big Raymond & Whitcomb excursion will reach this city Saturday. They come in a special train and are reported as having a high old time on the road.

Several other excursions are to follow in quick succession and it is expected that a large number of Eastern people will see out here during the next two months. The information that Southern California is now in the midst of regular summer weather has reached the frozen regions and all who are able to travel are talking about coming out.

NOTES.

Freight business is much better than at this time last month. The orange crop is beginning to move.

Charles Shaw, a N. Towne's son-in-law, was not better yesterday. The doctors have about given up all hope of his recovery.

Fred E. ton chief engineer of the Electric Belt road, was full of business yesterday and will be at work in earnest in a few days.

All trains on the Southern Pacific were reported on time yesterday, and the Santa Fe overland was only three hours late in the afternoon.

Vice-Pres. Towne went out to Pomona yesterday to look over the new plant at the being run up to the best-sugar factory. The Santa Fe people are talking of building a line to the factory.

Another "Faith-cure" Case.

Another example of the "faith-cure" mania, similar to the Pasadena Strang case, it is said, exists in this city. The facts, as

told to a Times reporter yesterday, are that some time ago the son of a well-to-do rancher broke his leg while playing. The limb was set by a physician and encased in a plaster cast. He did not seem to recover as rapidly as possible, and when the cast was removed it was found that the limb had been improperly set. The boy was then brought to this city and placed under the care of a "faith-cure" or Christian scientist, who removed all the bandages, made the boy discard his crutches, and told him to try to walk, but he was told to persevere, have faith, and it would all come right. It is said that the boy can now hobble about, but it is by great effort and at the expense of considerable physical suffering. The case will probably be investigated.

Scrofula
In Its Worst Form—"White Swelling" Cured.

The remarkable effect of Hood's Sarsaparilla in the following case illustrates the power of this medicine over all blood diseases:

"My son, 7 years old, had a white swelling come on his right leg below the knee, which contracted the muscles so that his leg was drawn up at right angles. Physicians lanced the swelling, which discharged freely, but did not help him materially. I considered him

A Confirmed Cripple.

I was about to take him to Cincinnati for an operation, expecting his leg would have to be taken off, and began giving him Hood's Sarsaparilla in order to get his strength. The medicine woke up his appetite, and soon pieces of bone were discharged from the sore. We continued with Hood's Sarsaparilla, as it seemed to be doing him much good, and the swelling went down, the leg straightened out, and in a few months he had perfect use of his leg. He is now apparently as well as ever." JOHN L. McMEYER, Notary Public, Ravenswood, W. Va.

FIVE-CENT DEPOSIT STAMPS.

We have adopted the system of 5-cent deposit stamps which has been successfully carried on in many of the cities of Europe for over 30 years and lately adopted by many of the Savings Banks of the United States.

This bank has distributed to its agents a sufficient quantity of red 5-cent deposit stamps, little larger than the ordinary 5-cent postage stamp and each purchase of one 5-cent deposit stamp is furnished with a stamp deposit book free beautifully colored with ten pages, each page ruled for twenty stamps, and when filled returns a dollar which is turned out by the deposit book and sent to the bank, either direct or through one of the agents. If you do not understand the system, call at the bank or one of the bank's authorized agents and have it more fully explained.

CONSUMPTION
And all the various diseases of the
Head, Throat and Lungs,
INCLUDING THE
EYE, EAR AND HEART,
Specially treated by
M. HILTON WILLIAMS, M.D.,
M. C. P. S. O.,
137 S. Broadway, Los Angeles, Cal.

By his Aeron system of practice, which consists of M. d. caten inhalations and Compound x-ray being administered to the patient instead of blinding the system with poisonous drugs administered by the nostrils.

This is the system of practice which is now attracting the attention of the best physicians throughout every country in the civilized world, and truly wonderful if there is to be obtained a cure for the disease which has failed in accomplishing any good whatever.

CATARH.
Catarrh (often called "cold" by the patient as it is cold in the head, and often "croup" as it is cold in the throat) is a disease which tends to contract a cold in the head, and he declares he is scarcely free from one cold before he takes another; and he is not aware of the fact that it is also a matter of surprise to him that the cold always seems to settle in the head or throat.

The Aeron system of practice is applicable in all cases of the respiratory organs, but the remedies used are not such as are used in individual cases as the several requirements. By the employment of proper inhalations in the form of medicated vapor (not steam or spray) we are able to produce immediate and direct action upon the diseased surface in the pharynx and nasal passages, or air will find its way into the most remote and intricate cavities, where it will destroy the cause of catarrh as it can be cured.
